

## **Boecker Public Health** at Zahrat El-Ihsan

A presentation of health awareness has been held at Z.E.I. for grade 3 students on February 1<sup>st</sup>, 2012 by **Boecker Public Health**. The objective of the presentation included awareness of:

- 1- The dangers and health hazards of pests and how to avoid them.
- 2- The difference between beneficial and non-beneficial insects.
- 3- The right technique to wash their hands in order to remove all pathogens (interactive presentation).
