

# Learn to know, Learn to Care

- 1. Learn to know, learn to care you'll find all goodness everywhere  
Care to know of what's around starting in the playing ground**
- 2. Know to care of our trees of fish that live in all deep seas  
Of our birds that sing and fly to make our mornings cheerfully bright**
- 3. Care to greet who we know and know to care about who we don't know  
To have a smile on your face and make this world a better place**
- 4. Know about another race, another culture in a different place  
About our planet, Venus and Mars and far beyond to all the stars**
- 5. Care to keep a tidy street a tidy home and a clean running stream  
Snowy mountains that we can't reach, a green forest hills and a golden sandy  
beach**
